Education & L S G Departments,
BANGALORE
(Through the President)

Sir,

Subject - Providing masonry S W Drain parallel to Prince of Wales Road between IV and XII Cross Roads in Asokapuram

---

The Prince of Wales Road runs in the centre of Asokapuram the ground towards the east of the road is a gradient The storm water passing from above flows across the road As a result much damage is caused frequently A masonry collecting drain was constructed during 1954-55 from the Ist to IVth Cross road so as to lead the water to another drain running through the Krishnaraja Varam Model Houses situated to the east of Asokapuram It was felt desirable to continue the masonry drain further up to XIII cross So as to avoid evasion referred to above

For these reasons, an estimate was sanctioned by the Council for R 12550/- at their meeting held on 5-9-1955 The same has been scrutinised by the Superintending Engineer, Cauvery Circle, Mysore for the same amount

I enclose a copy of the resolution together with the estimate and request that orders of government may kindly be obtained sanctioning the same The expenditure will be met out of the provision under D'Drains

Yours faithfully,

(A Vistar th)
Municipal Commissioner

Forwarded with compliments

(K Puttaswamy)
President
